### **DETAILED ACTION**

Applicant's arguments, filed 11/15/06, with respect to the rejection(s) of claim(s) 6-8 under 35 USC 102 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Manabe.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-8,10-13 are rejected under 35 U.S.C. 102(b) as being fully met by Manabe (USP 5300725).

Manabe discloses an apparatus for reproducing a presentation provided by transmitted signals, the apparatus comprising a digital radio (Col. 2 lines 35-39), the digital radio programmed to separate (Fig. 1 item 12) signals of a selected instrument 14 from transmitted signals ("audio signals"); an automatic selected instrument 14 adapted to be activated by electrical control signals; an interface unit 13 for reformatting the separate signals into the control signals, and speakers 14.
